REASON: The Board of Nursing finds it necessary to amend this rule because the National Council of State Boards of Nursing has recently revised its rules to allow an individual to retest after only 45 days. The previous waiting period was 90 days. Amending this rule will allow those who fail the exam to retest within 45 days instead of waiting 90 days. The Board believes that the sooner an individual passes the exam

and begins working as a nurse, the less likely the individual is to lose clinical competency skills.

The amendment will affect all license applicants who fail the NCLEX examination. Approximately 12 practical nursing applicants and 15 registered nursing applicants fail the NCLEX each year in Montana.

This amendment presents no fiscal impact.

8.32.403 RE-EXAMINATION - REGISTERED NURSE

(1) Candidates who fail the licensing examination will be permitted to retake the examination after ~~90~~ 45 days. Effective October 1, 2000, a candidate may retake the examination one time. If a candidate does not pass the retake, the candidate will be required to present a plan of study to the board before becoming eligible to take the examination again. A candidate may take the test a maximum of five times in three years. If a candidate does not pass the examination within three years, the individual will be required to complete a school of nursing program before being able to test a sixth time.
